

# OCRF RESEARCH STRATEGY

## RESEARCH IMPACTS

## RESEARCH PRIORITIES

### Treatments

Improving treatment options to increase survival rates.

### Management of Recurrence

Better management of recurrent disease to enhance survival and quality of life.

### Early Detection

Saving lives through early diagnosis.

### Prevention

Reducing disease prevalence through preventative research.

## THE GAME CHANGERS

Having the Greatest Impact on the Greatest Number of Women

## RESEARCH PRINCIPLES

### TARGET

The most lethal ovarian cancer subtypes.

### SUSTAIN

Long term research funding to attract and retain the best and brightest to the field.

### COLLABORATE

Connecting funding, resources, expertise, data and biospecimens to promote research.

### DISSEMINATE

All research results, new findings and evidence-based practices to the research community.
